

New York Spring Dairy Carousel Show

HEALTH REQUIREMENTS

ALL REGISTRATIONS AND HEALTH PAPERS MUST BE WITH CATTLE!!

All show animals:

- 1.) All animals must be accompanied by a Certificate of Veterinary Inspection (CVI), issued within 30 days of arrival at fairgrounds, signed by an accredited veterinarian, with animals individually identified. This certificate must be presented upon arrival of cattle to the fairgrounds.
- 2.) Rabies Vaccination: All animals over **4 mos.** of age on the day of arrival must have been vaccinated for rabies at least 14 days prior to arrival at the fairgrounds but no longer than the labeled time for active protection. This vaccination date and vaccine must be listed on the CVI and must be available to show officials if requested at any time.
- 3.) Bovine Respiratory Disease Complex: All cattle must show proof of vaccination against the common bovine respiratory disease viruses (shipping fever) not less than 14 days or more than 90 days before arrival at the fairgrounds. Vaccination must include immunization against bovine viral diarrhea (BVD), bovine respiratory syncytial virus (BRSV), infectious bovine rhinotracheitis (IBR), and parainfluenza (PI). Intranasal vaccines against respiratory viruses are acceptable if given at least 3 days prior to the animal's arrival at the fairgrounds - this must be listed on the CVI.
- 4.) BVD testing **IS REQUIRED** for **ALL** animals (IN and OUT-OF-STATE animals). This test identifies persistently infected (PI) animals for their lifetime.
- 5.) All animals will be inspected for contagious conditions. Examples include warts, ringworm, lice, mange, respiratory infection, and contagious hoof conditions. Animals may be denied entry or rejected. Decision of the NYHA show management is final. Please be conscientious and cooperative regarding this matter.
- 6.) All animals must have an RFID tag. 840 button tags may be available from your vet. Canadian cattle should have a 124 tag.

Out of New York State Animals:

- 1.) All requirements listed above apply.
- 2.) Cattle from neighboring states in New England, New Jersey, Pennsylvania, and Ohio need no additional testing.
- 3.) Animals from states other than those listed above in #2 should check with NY Ag & Mkts for specific requirements. Information can be obtained by calling (518) 457-3502.
